

Meetings beyond expectation

Thailand is a hub of expertise, knowledge and connections. Organizing meetings and incentive trips in Thailand has never been easier thanks to the country's strategic location, world-class facilities, professional staff, variety of activities, exciting attractions, fun and friendly ambience, and much more.

Corporate meetings and incentive trips come in many scales with varied preferences. With support from the Thailand Convention & Exhibition Bureau (TCEB), the cutting-edge professional organization with the mission of promoting Thailand as the Asian hub for meetings, incentives, conventions and exhibitions (MICE), meetings of any size and taste can be accommodated.

TCEB offers financial support in number of ways. The Bureau can provide cultural performances, team building activities, corporate social responsibility activities, green meeting packages, and golf & spa packages. For non-financial support, TCEB provides MICE LANE fast track for VIPs and delegates at Suvarnabhumi Airport, police escorts, event planning, industrial visits, and much more.

In order to receive support, submit a Request for Proposal (RFP) form, company profile, and Application for Support to TCEB. All support is to be determined, processed and authorized solely by TCEB.
