TCEB
THAILAND CONVENTION
& EXHIBITION BUREAU

ABOUT TCEB

Thailand Convention and Exhibition Bureau (TCEB) continues to shape the business events industry of Thailand with exceptional acumen and effective solutions. With a robust service support system and innovative approaches to co-create distinctive programs for the organizers, TCEB is redefining the MICE landscape to maintain Thailand's impact as a top Asian business destination. Established by Royal Decree in 2002, the government agency is tasked with promoting and developing the business tourism sector in Thailand. Since 2004, TCEB has successfully established the country as Asia's largest business events hub, by providing amenable service support for MICE programs.

Today, TCEB is heeding the government's economic 'Thailand 4.0' policy, and targeting 10 key industries to align with international interests and be future-ready.

TCEB will be your reliable partner in all aspects of your business events in the Kingdom.

"Driving an Exceptional MICE Future for Thailand"

ABOUT MICE CAPABILITIES DEVELOPMENT DEPARTMENT

MICE Capabilities Development Department is determined to significantly strengthen Thailand's MICE industry through content, knowledge management, networking, and market intelligence. MICE Capability Department is committed to strengthening Thailand's MICE industry through its three strategic areas: People & Business Development and Certification; Standards for MICE Standardization; and MICE Sustainability.

The mission is to develop Thailand into the preferred MICE destination in Southeast Asia by equipping the MICE industry with standard knowledge, including personnel development and entrepreneurship in a sustainable way. In achieve this goal, TCEB is challenging Thai MICE market players to aim for and meet international standards in their operations, particularly in energy saving, food safety, contingency planning, and sustainability which has increasingly garnered global's attention in recent years. The MICE Capabilities Development department provides extensive support and resources to enable MICE stakeholders to reach optimum operational competency.

THAILAND MICE VENUE STANDARD

A PIONEERING DEVELOPMENT TO RAISE THE MICE INDUSTRY STANDARD

The primary mission of TCEB is to push forward development of the MICE industry with aim of creating continuity and sustainability. MICE industry is growing rapidly; it is becoming increasingly focused on by business sectors at both domestic and regional levels. As such, TCEB recognises that there should be a standard tool to systematically measure the quality of venues for hosting MICE events in Thailand in order to raise standards and provide opportunities for entrepreneurs to develop their potential in terms of systematic thinking in business, management and investment, so as to ensure that operators can run MICE businesses in accordance with international standards. To this end, TCEB has developed a Thailand MICE Venue Standard (TMVS) for the first time in Thailand and the ASEAN region.

There are many advantages to adopt of TMVS. TMVS can inspire and motivate entrepreneurs and small businesses across the country and give them opportunities to develop and enhance quality of services and venues. Such tools can also expand high standard MICE events to different regions. This, in turn, can expand MICE customers into different provinces and create income distribution channels among locals.

TMVS BENEFIT FOR MICE ENTREPRENEURS

The criteria for the venue standards contain elements with 3 indicators for physical, technological and service requirements. The focus is the development of

a basic standard that will be built on in order to meet the international standard in later stages. It will be beneficial to entrepreneurs in the long run because the operators who apply for the TMVS practice will have to change their entire operating process from thinking to action in accordance the guidelines

Moreover, entrepreneurs certified by TMVS will appear on the 'Approved List' and will be publicised worldwide as good venues that meet international standards. TCEB will arrange seminars explaining TMVS and demonstrating its benefits. After direct discussions with operators, majority responded that scheme is very helpful. Thai's MICE operator understood TMVS is a beneficial tool which guarantees Thailand's MICE venues are ready for international standards.

Furthermore, TMVS applies ISO quality standards of quality assessment in four main areas, including food safety standards, security system standards, business management & administration of sustainable events, and energy management standards, as well as construction and environment laws in Thailand. As such, TMVS is considered a tool to assess quality standards that have clear indicators and methods in accordance with principles and standards that are accepted worldwide.

THAILAND AS THE LEADING DESTINATION IN ASEAN WITH MICE STANDARDS.

PRINCE PALACE HOTEL

Prince Palace Hotel, A THAI TOUCH OF CLASS IN THE HISTORIC HEART OF BANGKOK

Prince Palace Hotel is perfectly located for exploring Bangkok's iconic antiquities while providing a comfortable sanctuary with full facilities. Overlooking Bangkok Mahanak Canal on Damrongrak Road, the site of the hotel was once that of the Mahanak Palace of Field Marshal Prince Kromaluang Nakhon Chaisri Suradej, a son of King Rama V, hence

the hotel's name. This also means that the hotel is nearby the city's most treasured antiquities. Our 774 spacious and well-appointed rooms in 8 categories offer all contemporary comforts and conveniences with a generous sprinkling of cosmopolitan Bangkok flair. Our 14 flexible, fully-equipped banqueting, meetings and conferencing venues are ideal for everything from small meetings to major gatherings of up to 2,000 guests or delegates. With ample parking and excellent expressway and public transport access, the location is another plus point. With six restaurants and bars, Prince Palace Hotel is passionate about serving guests delightful eating and drinking experiences, including at celebrated Cantonese, Japanese, Thai and international restaurants and a scenic pool bar. The two curvaceous freshwater swimming pools stretch 450m2 amid lush greenery scoping the old city's skyline. Spa fans will relish everything that Darawadee Spa offers in terms of rejuvenating international and classic Thai treatments and massages. Wi-Fi internet is provided throughout the hotel and our fully equipped Fitness Center is always ready for action.

VAJIRALONGKORN DAM

Vajiralongkorn Dam, formerly known as Khao Laem Dam is a multi-purpose dam under the Development of Mae Klong River Basin Project built in 1984. It plays a crucial role in the agricultural and industrial sectors by being both a fresh water fish farm and a hydroelectric power generator for the people. Travel by public bus, Kanchanaburi-Thong Pha Phum route, from Kanchanaburi Bus Terminal to the dam. About 300 kilometers far from Bangkok, take approximately 4 hours and 30 minutes. Besides its hydroelectric power generator or agricultural purposes, Vajiralongkorn Dam also served as an interesting tourist destination in Thong Pha Phum area. The dam offers not only beautiful views and a great sunset spot, but also houses many attractions and recreation areas including Sala view point, sunflower field and other beautiful gardens. From the dam, you can visit other attractions such as Wooden Mon Bridge, the Three Pagodas Pass, Wang Wiwekaram Temple, Etong and Pilok villages and Chang Phueak mountain.

VARANA KRABI HOTEL

"The Wellcation Experience" Krabi's first sports and wellness hotel, where "Wellness Meets Happiness". Combining the Thai words of Vana (forest), Nava (water) and Nara (people), we believe wellness must be achieved holistically and sustainably. In nature, equilibrium comes through all parts of the whole working in harmony together. Active movement, positive connection, meaningful rest. 141 room and suite nestled in the foothills of Dragon Crest Mountain, Varana Hotel's beachside location gives you direct access to turquoise waters and white sand beaches. 32,000 square metre estate directly overlooks Tubkaak Bay. Offering fresh seabreezes, a panoramic view of the islands in the Andaman Sea, and a vista of the breathtaking splendour of Khao Hang Nak, one of Krabi Provinc's most revered sites. Set against this stunning backdrop, here at Varana Hotel, we honour Krabi's local heritage and culture. Drawing on local healing techniques and knowledge in our organic gardens, kitchen, Faa Spa, Naam Wellness, while celebrating the myths and traditions of this land. Here, you are perfectly placed to enjoy all the jewels of Krabi's natural wonders. Adventure, explore, or relax in peace and tranquillity.

CAPE PANWA HOTEL, PHUKET

Cape Panwa Hotel is located on the quiet southern tip of the east coast of Phuket Island. Built on an old coconut plantation on a hillside, it offers panoramic views of the Andaman Sea and a secluded, palm-fringed white sand beach. The sea adjacent to the beach is calm enough for swimming or water sports all year round as it is protected from the westerly winds. The hotel is self-contained, cosy and ideal for those seeking tranquility and natural surroundings. Unlike other hotels, Cape Panwa does not suffer from the ill effects of mass tourism. It is aimed at families and individual tourists who prefer a first-class hotel in a peaceful environment. A part of the Cape & Kantary Hotels, Thailand's premier chain offering comfortable to five-star luxury accommodation around Thailand, the Cape Panwa Hotel is a little corner of paradise.

KAOMAI LANNA RESORT

Kaomai Lanna Hotel and Resort is a unique boutique accommodation on the route from Chiang Mai to Doi Inthanon, the highest mountain in Thailand. Our rooms are renovated from the former tobacco curing barns, decorated in contemporary Lanna style with colonial style teak wood antique furniture. The Resort is perfect for the true nature lover. Surrounded by a big, beautiful tropical garden in Chiang Mai. 60 years ago the tobacco industry in the northern part of Thailand reached its peak, and tobacco farms and curing barns flourished. But time passed and things changed. 30 years later other developments came; the tobacco curing barns faded from the northern part of Thailand, replaced by orchards and real-estate projects. Most of the barns were destroyed but it was decided that at least a few reminders from the old days should be remain. So 18 old barns were converted into 34 lively guestrooms in a peaceful garden and became known as the charming Kaomai Lanna Resort.

MAE FAH LUANG ART AND CULTURAL PARK

Originally known as the Rai Mae Fah Luang, the Mae Fah Luang Art and Cultural Park started first as the office of the Thai Hill Crafts Foundation. Through purchasing and marketing handicrafts, the Thai Hill Crafts Foundation helped preserve the traditional skills and support the livelihoods of ethnic minorities. The Princess Mother then established the Youth Leadership Project and the Rai Mae Fah Luang become a 'home' to hundreds of youths from remote areas with limited access to schooling. The area had lodgings for the ethnic minority youths who came to attend schools and also learn about living in urban areas, among other aspects of modern life in Thailand. Students learnt how to live as a community, developing their social skills. Having shared responsibilities, they cared for the younger, learnt about time management, worked in shifts to clean their lodgings, farmed, gardened, and tended vegetable plots. The goal was that this training would help students grow into dedicated, hard-working, ethical leaders of their communities. Today, the Mae Fah Luang Art and Cultural Park is the region's largest collection of art items.

PRINCE MAHIDOL HALL

Prince Mahidol Hall is a prototype for the architecture of the era. It is a quintessential representative of a specific purpose structure that not only is an important building of Mahidol University, but also represents national architectural innovation. This structure is designed for multipurpose music and theater performances, cultural events, national and international, seminars and conferences, commencement ceremony, orientation and so forth. Thus the design must consider and incorporate various aspects of multiple uses especially music performances which require a careful design of acoustics and space to exquisitely and accurately transmit sound from the stage to every member of the audience.

VAJIRALONGKORN DAM

Vajiralongkorn Dam, formerly known as Khao Laem Dam is a multi purpose dam under the Development of Mae Klong River Basin Project built in 1984. It plays a crucial role in the agricultural and industrial sectors by being both a fresh water fish farm and a hydroelectric power generator for the people. Travel by public bus, Kanchanaburi Thong Pha Phum route, from Kanchanaburi Bus Terminal to the dam. About 300 kilometers far from Bangkok, take approximately 4 hours and 30 minutes. Besides its hydroelectric power generator or agricultural purposes, Vajiralongkorn Dam also served as an interesting tourist destination in Thong Pha Phum area. The dam offers not only beautiful views and a great sunset spot, but also houses many attractions and recreation areas including Sala view point, sunflower field and other beautiful gardens. From the dam, you can visit other attractions such as Wooden Mon Bridge, the Three Pagodas Pass, Wang Wiwekaram Temple, Etong and Pilok villages and Chang Phueak mountain.
